Hula Lakeside • Burlington, Vermont

[burlingtonwineandfood.com](http://burlingtonwineandfood.com)

Welcome to Burlington Wine & Food!

For one day each year, this room fills with some of the most talented winemakers, distillers, brewers, chefs, artisans, and food producers we know. More importantly, it fills with people who are curious, enthusiastic, and passionate about discovering something new.

That combination is what makes Burlington Wine & Food special.

What began as a single event has grown into something more. Over the past year, we've expanded our efforts through *The Tasting Room* newsletter and the Champlain Dinner Club, creating new ways to connect people with the food, wine, and hospitality community we love.

Today's festival remains at the heart of it all...bringing together the people, products, and experiences that make this region such an exciting place to eat, drink, and explore.

We're incredibly grateful to the exhibitors who share their craft with us, the sponsors who help make this event possible, and the volunteers and staff whose hard work happens largely behind the scenes. And to our guests...thank you for being here and supporting the businesses, makers, and organizations that help our region thrive.

Most of all, we hope you have a wonderful time today. Taste generously, drink responsibly, and don't forget to raise a glass to the people who make it all possible.

Cheers!

Mike & Tracy Stolese

# COMMUNITY PARTNER

Each year, Burlington Wine & Food partners with a local nonprofit in our community in an effort to raise awareness and financial support for their programs. This year, we're delighted to once again welcome **Common Roots** as our Community Partner.

Common Roots fosters a vibrant connection between local farmers, educators, and young minds, cultivating healthy food and nurturing the land that sustains us. Their mission is to eradicate food insecurity within the community through a robust network of educational programs, activities and partnerships with local farms. They promote healthy, mindful eating through classroom lessons, and they provide fresh produce to the South Burlington Food Shelf and offer "Farm to Fork Tuesday" and "Flatbread Friday" events.

Stop by their booth to learn more about their mission, meet members of their team, and sample some of the fresh, local foods that help bring their work to life. Every connection helps support a healthier, more resilient community. Visit [commonroots.org](http://commonroots.org) for more information on their mission.
